Please complete the following:

How long have you served on this Board or Commission?

April 25, 1989

Why do you wish to be considered for reappointment by the Mayor and Council?

Effective and efficient traffic and transportation are central to a smooth running city. Rockville's T&T Commission advises Mayor and Council on matters of the movement of goods and services, and trends in demand for the City's streets by competing transport forms, notably motorized vehicles, bicycles and pedestrians.

I have served the City on the Traffic and Transportation Commission for more than 20 years and have developed considerable expertise in these issues. Service on this Commission is a way to give back for all the advantages of living in Rockville.

What other information should be considered for your reappointment? (Examples: Ways in which you have personally contributed to the work of the Board or Commission; leadership roles you have held on behalf of the work of the group such as chair, head of a committee or task force)

As noted above, I have served this Commission for more than 20 years. In that time, I have served a chairman of the Commission and participated in all significant matters coming before the Commission. These include, among others, the Pedestrian and Neighborhood Policies and Permit Parking. I am also familiar with how T&T interacts with other City groups and other transportation. I am part of the institutional memory of the Commission.
